

Lead the charge in Australia's future

Help power Australia's clean energy sources through 40 different occupations, ranging from trades to engineering to social sciences.

This program gives you the opportunity to be part of a booming industry, leading the charge in clean energy solutions. Clean energy work has a profound positive impact on the environment and paves the way for a sustainable future.

An apprenticeship with us gives you:

- An income while you work towards your qualification
- Skills, knowledge and a career in a progressive industry
- Hands on experience in the workplace
- Guidance from experienced people
- Government incentives for both you and your employer

Through the Australian Government we offer eligible apprentices up to **\$10,000** in financial support and mentorship in an eligible industry.

Contact our team to find out more.
